Because we now are printing directly onto the Glass plaques this reduces the time and product requirements to finish the plaque. The Result? Cheaper Plaques!!

We now have in house an incredible new printing process. Using non solvent inks (good for the atmosphere) which are water proof, sun proof and very scratch resistant. We are obtaining a fantastic quality print on most substrates (eg: wood, glass, acrylic, plastic, brass, stainless steel, aluminum, etc). Our print process replaces both pad printing & screen printing with the huge advantage of running direct from our computer bypassing both pads and screen requirements.

Brass & Stainless Steel plaques now available for outdoor use!

Plaques available in ANY COLOUR!!

Proudly manufactured in Adelaide by SA Trophy & Badge
